PROFESSIONAL SUMMARY

Motivated **Full Stack Developer** and current student at **Aptech**, specializing in **PHP**, **Laravel**, and **MySQL** with a strong foundation in modern frontend development and graphic design. Skilled in building scalable web applications, secure RESTful APIs, and responsive interfaces. Experienced in leveraging **AI tools** to accelerate development and streamline workflow. Proven ability to take ownership, having served as **Team Lead** on multiple collaborative projects, coordinating efforts and delivering results on time. Passionate about continuous learning and crafting impactful digital solutions.

ACHIEVEMENTS & LEADERSHIP

TechWiz Global Competition 7 — Participant 2026

International Web Development Competition | Online

Represented Aptech in a global web development competition. Designed and built a fully functional PHP admin panel with secure authentication, dynamic dashboard, and complete CRUD operations backed by MySQL database integration.

Project Showcase Presenter — Aptech Vision 2026

Aptech | Karachi, Pakistan

Project selected among top student submissions for public showcase at PC Hotel, Karachi. Presented to faculty, industry professionals, and fellow students — demonstrating technical skills, project architecture, and problem-solving approach.

Team Lead — Academic Projects 2025 - Present

Aptech | Karachi, Pakistan

Led collaborative teams on multiple web development projects. Managed task distribution, coordinated code reviews, and ensured on-time delivery of high-quality work — strengthening leadership and communication skills.
